THE RELIANCE WON

Final Race of the Series For That Famous Sea Trophy, America's Cup.

SHAMROCK BEATEN THREE MILES.

In a Dense Fog Which Prevented Vision Beyond 200 Yards, the Defender Finished the Race.

Sir Thomas Lipton's Crew Will Return to England Next Tuesday and He Will Follow Shortly After—Shamrocks For Sale.

New York, Sept. 4.—Reliance, the American cup defender, Thursday won the third and final race and the series for that famous sea trophy, the American cup. In a dense fog, which prevented vision beyond 200 yards, she finished the race at 5:30:02 three miles ahead of the Shamrock, amid the acclamation of the assembled fleet. Shamrock III., after running for more than an hour into the fog, missed the finish line, passed by it and then returned to it from the opposite direction. As the Reliance was then being towed through the fleet of yachts, ensigns fluttered from her truck and spreaders in celebration of her victory, the Shamrock III. did not cross the finish line. As often said of the historic race when the America won the cup, there was no second.

This successful result was achieved only after four futile attempts to sail off the final race, and after the outcome had been admitted by even Sir Thomas Lipton to be a foregone conclusion. Thursday's was the eighth attempt to sail a race. After one fluke Reliance won the two following races, one by seven minutes and three seconds and the other by one minute and nineteen seconds.

A week ago Thursday the first attempt to sail the third race failed, and attempts have been made every day this week. On these occasions Reliance led Shamrock to the finish line by two miles, but failed to reach it before the expiration of the time limit of five and a half hours. Thursday's victory means that the cup is destined to remain in America until England is able to produce a genius equal to Herreshoff in yacht business.

Thursday night Sir Thomas Lipton said:

"Two weeks ago I was hopeful; last week I knew I was doomed to defeat and was disappointed, but to-day I am almost glad in my own defeat, this America having been such a thoroughly generous victor. I want again to thank the American people for their generosity to me in my defeat.

"My crew is to return to England on Tuesday next, and I really ought to go back by that time myself. I will post out my engagements in a day or two and then determine just what I shall do.

"I am to meet some people Friday who desire to buy at least one of the Shamrocks. After I have seen them, I shall determine what to do."

Regarding the defeat of Shamrock III. he simply said: I don't care to discuss it any more. The American boat was the better; that is all."

Designer Fife refused to talk.

Capt. Wringe, while agreeable, still would not talk any further than to say: "We did the best we could, but the other boat was better."

Capt. Barr, of Reliance, said after the race: "Reliance is a beautiful boat; had all kinds of weather and won in it. Our adversaries did the best they could with the material at their command."

BRITISH PAPERS ON THE RACE.

They Agree That the Contest Was Won By the Best Boat.

London, Sept. 4.—Friday morning's papers publish editorials congratulating the United States on again retaining the America's cup and complimenting Sir Thomas Lipton on his gallant fight. All the journals agree that the contests were won by the better boat and the cleverer skipper and crew and admit that there seems to be no reason why the United States should not retain the cup for many years to come, since it seems that Great Britain has something to learn from America in the matter of yacht building.

San Francisco, Sept. 4.—The California promotion committee has sent a telegram to the president of the New York Yacht club, inviting the club to select San Francisco harbor as the next course for the defense of the America's cup.

A few days ago all the type in the office was "pied." This seriously crippled the paper temporarily. Then one night a brick was thrown through a window of the Beacon office at Mr. Dempsey, the foreman of the printing office.

The latest outrage is an assault on Mr. Dempsey. Mr. Dempsey was returning to his boarding house, when he was struck on the jaw with a brick.

WEST POINT ENCAMPMENT.

President Roosevelt May Visit It During the Maneuvers.

Louisville, Ky., Sept. 4.—Though not yet officially announced, it is almost a certainty that President Roosevelt will visit West Point during the army maneuvers there this fall. Since West Point was selected for the encampment a great deal of pressure has been brought to bear upon the president, urging him to honor the occasion with a visit, and it is said he has about decided to do so. Col. Wagner has stated that the president would probably visit the camp early in October, and that it is possible he will spend two or three days there.

William Triplett Entered Suit For \$25,000 Damages.

Frankfort, Ky., Sept. 4.—The Western Union Telegraph Co. was made defendant here Thursday in a \$25,000 damage suit instituted by William Triplett, of Lexington, a state witness in the last trial of the Jim Howard murder case. The ground of the petition is that a report of the evidence of Triplett was by mistake of an operator sandwiched in with that of a witness whose reputation was attacked, making it appear in newspaper accounts that the attack was on the character of the plaintiff.

LANGLEY AIRSHIP.

Effort to Launch the Sixty Foot Aerodrome Had to Be Abandoned Thursday.

MOTOR FAILED TO WORK PROPERLY

The Failure of the Experiment Was Caused by the Discovery of a Broken Valve.

Once the Propellers Were Going For Five Minutes, But the Revolutions, Instead of Reaching 1,200, Did Not Exceed 500.

Widewater, Va., Sept. 4.—Efforts Thursday to launch Prof. Langley's 60-foot aerodrome had to be abandoned at 6 o'clock Thursday evening owing to the failure of the gasoline motor to work properly. For four hours Prof. C. M. Manley, the inventor's right-hand man, labored hard to get the machinery in shape. The inventor then made the following statement: "The work of the afternoon has been a great disappointment to us all. The failure to have an experiment was caused by the discovery of a broken valve in the motor. This can be repaired, I think, during the forenoon to-morrow."

ing a sky-rocket from the houseboat to apply the motive power to the machine, Prof. Manley tried in vain to get his engine in operation. Several subsequent attempts were made.

Once the propellers were got to going for five minutes but the revolutions, instead of reaching 1,200, did not exceed 500, and the work was very irregular. Prof. Manley was attired in a light costume when he entered the cabin. He wore a pair of white duck trousers. His jacket was padded with cork to assist in keeping him above water at the termination of the flight. Attached to his left knee was a watch to register the exact time of starting and the duration of the flight. Throughout the whole of the trying ordeal he appeared remarkably calm and composed. Prof. Langley said: "If there is no accident at the houseboat in the launching, we hope to see a successful flight. The greatest fear is for the immediate launching."

These were referred to Mr. Garfield, commissioner of corporations in the bureau of commerce and labor, and it is said that he finds the charges made by Mr. Miller not sustained.

A Peculiar State of Affairs at Hobson City, Ala.

Montgomery, Ala., Sept. 4.—The approaching city election at Hobson City, the Negro colony near Anniston, will disclose a peculiar state of affairs. The town is solely run by Negroes. Under the new constitution nearly all of the male adult inhabitants are disfranchised, there now being only about two voters, and the affairs of the town will have to be conducted by the two citizens alone. As there are nearly as many offices to be filled as there are voters, the candidates will virtually elect themselves, and may thus perpetuate themselves in office.

TURK'S BRUTALITY.

Inhabitants of Village Butchered While on Their Way to Florina Under Guard.

A CORRESPONDENT THREATENED.

The Christians Are in a State of Abject Fear, and Are Murdered by the Score.

The European Residents in Monastir, Including the Consuls, Have Recently Been Insulted By the Turkish Soldiers.

London, Sept. 4.—The Daily Mail's correspondent, in a dispatch from Monastir, dated August 31, tells of an ineffectual attempt he made to penetrate the Albanian cordon and reach Armenko. He was threatened with death and compelled to return under guard. He gives numerous instances of Turkish brutality and treachery.

The villagers of Armenko were massacred before a single insurgent visited the place. The inhabitants of the village Nevollkas, near Florina, were butchered while on their way to Florina under guard, after having surrendered on a guarantee of immunity.

At Florina, continues the correspondent, the Christians are in a state of abject fear and are handicapped by a bigoted Greek metropolitan, who orders them to stay in the village and not to flee, with the result that the savage soldiers murder them by scores. The European residents of Monastir, including the consuls, are in a state of great anxiety. Many, including the Italian consul, have recently been insulted by soldiers. Operations commenced last Thursday on an organized scale against the insurgents and bodies of troops are operating in all directions, but no details have yet arrived.

KENTUCKY CONFERENCE.

Bishop Hendrix Presiding at the Annual Session at Cynthiana.

The Kentucky conference of the M. E. Church, South, convened Sept. 2nd at Cynthiana, with Bishop Hendrix, of Kansas City, presiding. When the roll was called, eighty-six ministers answered, fifteen more answering present for probation. In nominations for Secretary only the name of W. E. Arnold, of Lancaster, was presented. He was chosen by a unanimous vote.

When J. E. Wright, who had charge of the congregation at Mt. Sterling, was called, Presiding Elder J. C. Redd announced that he had abandoned his charge after five months. This precipitated quite a debate as to his standing in the conference.

He was called on to read the letter Mr. Wright had written to him about giving up his charge. In the letter Mr. Wright gave as his reason for his actions bad health and also bad health of his wife. Bishop Hendrix said he had a letter from Mr. Wright, and also had seen him, and that Mr. Wright had asked to be transferred to another conference. Most of the ministers seem anxious to let him be heard in his own behalf before taking any action. Rev. Wright formerly had charge of the First M. E. Church, South, this city.

The Methodist Book Concern reported that it was in prosperous condition and doing a great work, and for the last year made a profit of \$39,000.

The report of the Committee on Fund for Superannuated Preachers showed \$150,000.

Rev. J. J. Dickey writes that the attendance is large, but not sufficient to tax the hospitality of Cynthiana. The conference will adjourn next Monday or Tuesday.

PICKETT-LLOYD.

"The Pines," Near Germantown, the Scene of a Happy Nuptial Event Wednesday Evening.

The marriage of Mr. Charles Osborne Pickett and Miss Laura Louise Lloyd Wednesday evening at 7 o'clock at "The Pines," the home of the bride, near Germantown, was a brilliant nuptial event. This handsome country home never presented a happier scene, and yet there was a tinge of sadness connected with the affair because it meant the departure of the youngest daughter of the household to grace another home, in the far West.

In the dim twilight of a bright September evening fair Luna smiled upon the union of the young couple, as Elder W. W. Hall pronounced the words that made the twain one, the ceremony being solemnized on the front porch of the handsome residence. Misses Anna May, of Lexington, and Eva Knuckles, of Versailles, were the bridesmaids. Dr. James A. Pickett, of Indianapolis, best man, while Messrs. Sam Knuckles, of Versailles, Simeon Walton, of Cincinnati, and Matt Walton and Dan Lloyd, of Germantown, officiated as ushers. The bride was given away by her brother, Prof. Henry Lloyd, of Kentucky University.

The bride is the youngest daughter of Mr. and Mrs. Evan Lloyd, and is one of the county's accomplished and most charming young ladies. She was gowned in white mousselin de soie, with lace trimmings.

The groom is a son of ex-Sheriff and Mrs. J. C. Pickett, and has been engaged in business at Omaha for several years. Mr. and Mrs. Pickett left on the 10:40 train Wednesday night for a trip East. They will return by way of Chicago to their future home at Omaha.

Among the many elegant wedding presents attesting the love and esteem in which the happy couple are held was a gift of \$50 in cash from Mr. Lissant Cox, of this city, to the bride.

WITHOUT BAIL.

Dick Jackson and Clarence Thomas Held to Await Action of Grand Jury on Charge of Murder.

The examining trial of Dick Jackson and Clarence Thomas on charge of killing David Daily closed Thursday afternoon, and resulted in Judge Newell committing the accused to jail without bail, to await the action of the next grand jury. Judge Whitaker assisted County Attorney O'Donnell in the prosecution, while the defendants were represented by Judge Phister and J. M. Collins.

The evidence showed that Daily and Patterson Malone were returning from Mayeslick on the night in question in a wagon. As they approached the covered bridge at North Fork the negroes came driving through from the opposite direction at a fast pace in a buggy, and in passing collided with the rear wheel or axle of the wagon, the buggy being overturned.

The negroes demanded payment then and there for the damages to their buggy. Daily expressed his regret at the accident, but didn't think he was to blame for it, and said the dispute on that question could be settled next day if they would come to Maysville. This wasn't satisfactory to the negroes, and they told Daily and Malone they shouldn't leave until the money was paid. Malone assisted Jackson in righting the buggy. In the meantime Thomas was standing either in front of Daily's horses or near there. The latter let the negroes know he would not be held up in that way, and that he intended to come on to Maysville. The evidence was not conclusive as to whether he got out of the wagon or not. Thomas claims he did, and that he came at him with a hatchet. Some words were exchanged, and Daily was heard to say, "Don't throw that rock." The shooting was done a moment or so later.

Charles Cooper, colored, was fined \$10 and costs in the Police Court Thursday for striking his wife.

A young negro child, son of Rev. R. W. T. Jones, of Germantown, swallowed an empty cartridge Wednesday, the shell lodging in its throat, and causing serious trouble. The boy was brought to Dr. Ellis who succeeded in giving it temporary relief. It was still resting all right yesterday.

The Kentucky Exhibit Association has awakened interest among the artists of the State and two have already offered to lend pictures for the Kentucky Building. Miss Annie Chenault Wallace, of Point Leavell, consents to the use of a Kentucky beech forest, thirty by forty inches, she has painted. Mrs. Edwards, of Paducah, has painted a picture of Mantle Rock, said by U. S. geologists to equal the famous Natural Bridge of Virginia. She offers it to the Building Committee, together with some decorated china.

In a few days the youngsters will go back to their school or college. As a matter of course they will need an outfit. You that had experience are fully aware that you do not as a rule find the kind of clothing we sell in the average clothing stores.

Our entire fall stock is in. Before your boys start to school bring them in.

With us they can choose from the productions of the famous manufacturers, Stein, Bloch Co., L. Adler Bros. and Co., Garson Meyer Co., three of the greatest concerns in Rochester, New York. The majority of the "boys" know these makes and want them.

Our trade on these lines has grown to such proportion that the qualities we buy and sell of them enables us to sell them for no more than you would have to pay for much lesser qualities in other houses. You do yourselves justice to look over our lines before you buy.
